Teaching and Awareness of Cleanliness at Govt. Schools

Goal:- Skill development and increase good habits in students related to cleanliness.

Context:- According to this program the student of P.G. (English Literature) go to govt. schools of various villages near the college to teach primary and middle students to remove their lack of confidence and improve their skills. The P.G. students also aware the school students about cleanliness.

The Practice:- This program was initiated by P.G. students of both semesters. The students themselves decide according to the schedule to go for teaching and aware about cleanliness.

Evidence of Success:- As a result of this program, the students improve their skills and become more responsible.

Problems Encountered and Resources Required:- As they belong to rural areas; most of the students are financially weak and lack in confidence. Under the proper guidance of the faculty teachers, they improve their teaching skills and confidence.
